Then you can shop all items. The search function can be used to sort category groups. An example could be: "Juice". Press "Enter" and all sorts of juice will be shown at the drop down menu.

Then enter numbers of pieces or colli. Press "Enter" and all items will appear in your shopping bag.

From Nuuk: when you finished shopping press "Til kurv" – then this will appear.

The screenshot shows the online shopping interface. At the top, there's a search bar and navigation tabs for 'FRISK OG FROST', 'KOLONIAL', 'DESSERT & KONFEKTURE', 'DRØKKEVARER & TOBAK', and 'NON FOOD'. The main content area displays a table with one item: 'ÆBLE JUICE 1L' (Gestus) with a quantity of 24 and a price of 337.20. Below the table, there's a 'Yderligere information' section with fields for 'Din email', 'Din reference', 'Rekvistionsnummer', and 'Personreference'. A 'Leveringstidspunkt' dropdown is set to 'onsdag, 17-08-2022'. A 'Bekræft lev. dato' checkbox is present. At the bottom, there are buttons for 'Slet kurv' and 'Gennemfør bestilling'.

Choose delivery date and delivery time (trip 1, trip 2, trip 3 or "pick up"). Remember "Bekræft lev. dato" (confirm delivery date) must be confirmed before you can continue.

This screenshot is similar to the first one, but the 'Leveringstidspunkt' dropdown menu is open, showing three options: '---', '13:30-15:00', and 'Afhent selv'. The '13:30-15:00' option is highlighted. The 'Bekræft lev. dato' checkbox is now checked. The 'Din Bemærkning' field is empty. The 'Gennemfør bestilling' button is visible at the bottom right.
